Ecc rivevelopment Board as to the working of Co-operative Societies and pointed
to prima nothool teachers as the persons who were in a position to work Co-operative
Stores sa ar factorily. Those teachers might be given a bonus for the assistance
they rendered in that direction. He also referred to the necessity of taking the
people into the confidence of Government in all matters pertaining to their welfare
and of opening Anchal savings banks and manure depots, as also the formation of
taluk and district boards and the establishment of libraries in the several taluks.

Dewan's reply.—You have mentioned many details. I do not think that there is need to reply to all of them. The central idea is that local boards should be instituted and that non-official opinion should be consulted. As the first step towards that, the Village Panchayat Bill has been published, and when the Bill becomes law, Village Panchayats could be instituted to look after definite local needs. As to whether you should have taluk boards and district boards, it is a matter which could be settled after Village Panchayats have been created and have worked for some time.

125. Needs of the Vilavankod taluk.

Mr. P. C. Kesava Pillai (Member, Vilavankod Taluk) thanked the Government for the English High School recently given to the taluk and for the scheme for the improvement of minor irrigation works recently sanctioned. He then dwelt also on the desirability of bringing the *pakuthies* of Nattalam, Killiyur, Midalam, Kizkkulam, etc., of the newly constituted Vilavankod taluk under the jurisdiction of the Kuzhittura Munsiff's court. The Member stated that those *pakuthies* were nearer to the Kuzhittura court than to the Padmanabhapuram court under which they were placed at present. He also stated that till 1085 those *pakuthies* along with Attur and Tiruvattar had been under the Kuzhittura court. He was of opinion that making the additional court at Kuzhittura permanent was all that was required by way of sanctioning his prayer.

The Member then referred to the inconvenience of the people consequent on the absence of a First Class Magistrate's court at Kuzhittura.

Member.—Sir, have you seen it ?

Dewan.—I have seen it twice. I will see that night soil is disposed of in less objectionable sites.

You have next referred to Police jurisdiction. Your proposal is to transfer some *pakuthies* from the Kazhakkuttam Station to the Cantonment Station.

Member.—Shifting of the taluk station.

Dewan.—What you want is the shifting of the Kazhakkuttam Station to Siyaram.

Member.—Yes.

Dewan.—I will consult the Police Commissioner.

Member.—Or we want the conversion of the Vattiyurkavu Station into a charging Station.

Dewan.—We cannot be adding to the existing number of charging stations. Only recently we reduced the number of charging stations; and it will not be possible to add to the charging stations so soon. An addition to the number of charging stations means addition to the number of Inspectors, etc.
